Ans: Paris, Shanghai, Moscow, London

COMPUTER

Chapter 1 Know Your Computer

1. Speakers 2. Monitor 3. CPU 4. Mouse 5. Printer

EXERCISE

A. 1.False 2. True 3. False 4. False 5. False 6. True

B. 1.Output 2. Output 3. Input 4. Output

C. 1. Joystick 2. Headphones 3. Microphone
4. Web Camera 5. Scanner

D. 1. b 2. a 3. d 4. c

E. 1. Devices that help us enter data into the computer are called input devices.

2. CPU, Keyboard, Mouse and Monitor.

3. It helps to store, arrange and change the inputs on a computer.
The processing device in a computer is known as (CPU).

4. a. Hard disk: It stores a large amount of information.

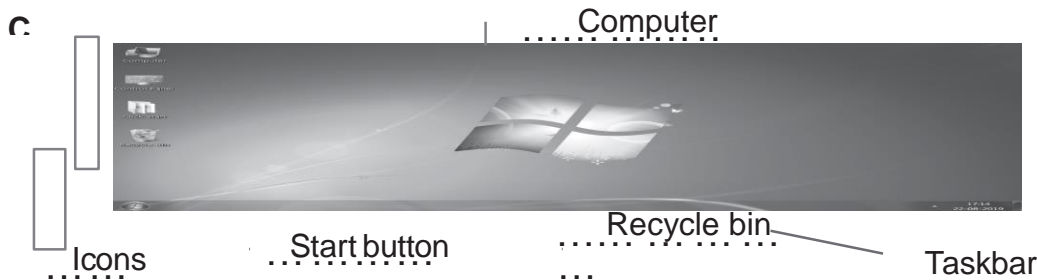

b. Floppy disk: It stores a small amount of information.

Chapter 2 Working with Windows

EXERCISE

A. 1. Operating system 2. Double-clicking 3. icon
4. Start button 5. bottom 6. desktop

B 1.e 2. a 3. d 4. b 5. c

- D.** The steps for opening the Paint window on the computer are as follows:
 Click on the Start button.
 Click on All Programs.
 Select Accessories. A list of options opens.
 Click on the Paint option.

MATHEMATICS

BOOK-A

Units	Pages No.
1. Numbers to 100	Page No.4,5,6,7,8,9,10,11,12,13.
2. numbers to 999	Page No.14 , 15 ,16 ,17,18, 19,20, 21,22,23
3. Addition to 99	Page No. 24 ,25 ,26, 27 ,28,29,30,31,32,33.
4. Assess and review	Page no 34,35,36 , 38,39Q4.
5. Subtraction within 99	Page No. 40,41,42,43 ,44,45 ,46, 47,48,49
6. Multiplication	Page no. 50, 51, 52, 53, 54, 55, 56, 57,58,59.
<p>✓ Time Tables from 0 to 6</p> <p>✓ Counting in words from 0 to 50</p>	

SCIENCE

TOPIC 1:

PUPIL'S BOOK: Page # 8, 10, 11 Check your progress

WORKBOOK: Page # 4, 5, 6 & 7

Questions and Answers:

Q1: What are plants?

Ans: Plants are living things.

Q2: Name some types of plants.

Ans: 1. crops 2. Flowers 3. Fruit 4. Vegetables 5. trees.

Activity 1: Pupil's book Pg# 9 Plants feed and breathe

TOPIC 2:

PUPIL'S BOOK: Page# 15 Check your progress

WORKBOOK: Page #8,9,10,11

Questions and Answers:

Q1: Which part of the plant do we eat?

Ans: We eat different parts of plant.

Q2: Name a plant leaf and a plant stem you can eat.

Ans: Spinach and celery.

Q3: Name the parts of a plant?

Ans: flowers, leaves, stem, fruit & roots.

Activity 2: Pupil's book Pg# 14 Grow potatoes

Activity 3: Pupil's book Pg# 15 Making popcorn

TOPIC 3:

PUPIL'S BOOK: Page #19, check your progress

WORKBOOK: Page # 12 , 13, 14 & 15 Q7

Questions and Answers:

Q1: What are plant products?

Ans: Things made from plants.

Q2: Name some plant products.

Ans: Paper , basket , cotton , drinks ,dyes , spices.

Q3: Write the uses of plants?

Ans: They give us oxygen to breathe.

Activity 4: Pupil's book Pg# 19 Making dye

TOPIC 4:

PUPIL'S BOOK: Page #,23 check your progress Page #

WORKBOOK: Page # 16 , 17, 18 & 19 Q7

Questions and Answers:

Q 1: What is germination?

Ans: The process of seeds growing in to plants.

Q2: What do plants need to grow well?

Ans; sunlight, water, good soil and space to grow.

Activity 5: Pupil's book Pg# 20 Grow a plant

TOPIC 5:

PUPIL'S BOOK: Page # 29 checks your progress

WORKBOOK: Page # 20,21,22,23 Q7

Questions and Answers:

Q1: What are animals?

Ans: Animals are living things with senses.

Q2: What is reproduction?

Ans: The process by which organism produces its off spring.

Q3: Where do animals live?

Ans: Animals live in different parts of the world

Activity 6: Draw a picture of your favorite animal. What does it eat? How does it move?

TOPIC 6:

PUPIL'S BOOK: Page 33Q1,2 check your progress

WORKBOOK: Page # 24,25,26,27Q7

Questions and Answers:

Q1: what are vertebrates? Give an examples.

Ans: Animals with a backbone.

Wolves, dogs,cat

Q2: What are invertebrates? Give an examples.

Ans: Animals Without a backbone.

Crabs, butterflies, worms

Activity 7: Model Skeleton

TOPIC 7:

PUPIL'S BOOK: Page 37 check your progress

WORKBOOK: Page # 28,29,30

Questions and Answers:

Q1: What are insects?

Ans: Small animals with three main body parts and six legs.

Q2: Name some common insects?

Ans: Fly, beetle, butterfly, bee and ant

Q3: What are insects?

Ans: Living things that harm plants and animals.

❖ SCIENCE MCQS:-

➤ Choose the correct answer:

1. Plants are **alive**

(a) Non-living, (b) alive, (c) dead
